

# *PRAVAAH'26*

---

Team Pravaah extends its heartfelt gratitude to Manam Foundation for your valuable collaboration and support as a partner of Pravaah 2026 – the Annual Cultural and Technopreneurship Fest of IIT Bhubaneswar.

Held from 5th to 8th February 2026, Pravaah'26 brought together creative minds, innovators, entrepreneurs, and performers from across the country. Over the course of four vibrant days, the festival hosted a wide array of technical competitions, cultural performances, workshops, exhibitions, and interactive events that created an energetic and inspiring atmosphere across the campus.

This year's theme, "Chronicles of Time," reflected the evolving journey of human innovation and creativity - connecting the inspirations of the past with the ideas shaping the future. Through this theme, Pravaah celebrated the continuous flow of knowledge, imagination, and progress that drives young minds to explore new possibilities.

The success of an event of this scale is made possible not only by the enthusiasm of the participants but also by the unwavering support of our partners. Your association with us added immense value to the festival and played a meaningful role in enhancing the overall experience for our attendees. We truly appreciate the trust and encouragement you extended to Team Pravaah.

It is collaborations like these that highlight the importance of shared vision, mutual growth, and community engagement. Your contribution helped us bring our ideas to life and create a memorable experience for everyone involved.

We sincerely thank Manam Foundation for being a part of this journey and look forward to continuing this valuable association in the years to come.

*Thank You*
